

RUBITHON

The annual, official event of the Toyota Land Cruiser Association

June 16-21, 2009 ☠ 21st Annual Run ☠ www.rubithon.com

RECESSION RUBITHON 2009

During the worst recession since the 1930's, Rubithon is striving to provide value to TLCA members by keeping registration costs down. New unit pricing will allow attendees to choose only what items they want beyond the standard registration fee.

To confirm your attendance and guarantee ordered merchandise, we must receive your registration by May 31. Registrations after this date will be charged a late fee of \$25. No refunds after 5/31.

The Rubicon Trail is one of the most challenging trails and perhaps the most threatened trail in the U.S. Rules, restrictions and guidelines are actively enforced. Minimum vehicle requirements: 33" tires, and either a single locker or lower gearing. All vehicles must have: Hi Lift Jack, front and rear recovery points, a strap (no chains or metal hooks), fire extinguisher, first aid kit and personal toilet. Gloves are required for all spotters who may need to stack rocks.

All attendees must be TLCA members. If you are not, you can include your membership dues on the registration form. Your truck must meet or exceed minimum TLCA safety requirements. If not, request approval directly from Rubithon Chairman.

Unit Pricing for 2009! Purchase exactly which items and how many of each you want with unit pricing. Premier Pack for 2009 includes event fee, 2 Dinners, 2 T-shirts, TLCA 1st Class Membership, Goody Bag and an extra Grand Prize Raffle Ticket.

PLEASE APPLY BY MAY 31

Registering early will help make sure we have the right amount of food, t-shirts, etc., and will protect the sanity of your cheerful Rubithon committee.

We thank you!
